

**NEW - Green Beam Laser**

## Leica Rugby 640G Versatility inside, outside

Red beams can be difficult to see when levelling and aligning in and around buildings. The new Leica Rugby 640G rotating laser with green beam enables you to easily see wherever you're working. This universal, multipurpose laser provides the best beam visibility and functionality for interior applications. From installing drywall to working on suspended ceilings and raised floors, the new, bright green beam ensures you don't miss the mark.
